

# **CHOICES**

**In life we all make choices, from childhood right on through;**

**Our 'problems' as a child are small, but like us, 'they grow too!'**

**That 'child' is soon in High School...what courses should he take?**

**He hopes that with some guidance, good choices he will make.**

**So should he ask for God's help? Should he bow his head in prayer?**

**To ask HIM is the best way, as God is ALWAYS there.**

**Do we want to go to college? Is this the route to take?**

**Once again we need some help as these decisions make.**

**Hard work and dedication MAY help us on our way,**

**But sometimes stress becomes the price we now will have to pay.**

**So NOW will we ask Jesus to be our guiding light,**

**Or do we just continue on and hope we do things right?**

**For 'some' it seems that marriage is the next step they should take,**

**But sadly they soon realize they've made a huge mistake.**

**Now nothing's working, families fail, and children 'pay the price'....**

**If ONLY they had knelt in prayer to seek the Lord's advice!**

**We start out life, a babe in arms, so innocent and pure,**

**But we grow up, and all have sinned, BUT for this there's a CURE.**

**The Bible tells us plainly to ASK and thus receive.....**

**To trust in Him, confess our sins, and simply 'just believe'.**

**Our Saviour made that first step, by following God's plan;**

**He hung upon that 'awful cross', and gave His life for man.**

**The choice is ours alone to make, for God's Son took our pain...**

**No greater gift was ever given, Eternal Life to gain.**
